Date of birth:		NHS number (if known):	
If the person signing below is not the patient, please also enter the signatory's name and relationship to the patient, e.g. parent, guardian, attorney			
Full name:		Status:	
Signature:		Date:-	

Overview of sharing options

Summary Care Record (SCR)

The NHS in England is using a national electronic record called the Summary Care Record (SCR) to support patient care. The Summary Care Record is a copy of key information from your GP record. It provides authorised healthcare staff with faster, secure access to essential information about you when you need unplanned care or when your GP practice is closed. Summary Care Records are there to improve the safety and quality of your care. SCR core information includes your allergies, adverse reactions and medications. An SCR with additional information can also include reason for medication, vaccinations, significant diagnoses / problems, significant procedures, anticipatory care information and end of life care information

Local sharing via My Care Record

Your patient record is held securely and confidentially on the electronic system at your GP practice.

If you require attention from a health and social care professional such as an Emergency Department, Minor Injury Unit, social worker, or Out Of Hours location, those treating you would be better able to give you appropriate care if some of the information from the GP practice was available to them. This information can now be shared electronically via My Care Record.

In all cases, the information will be used only by authorised health and social care professionals involved in your direct care. Your permission will be asked before the information is accessed, unless the health and social care user is unable to ask you and there is a clinical reason for access, which will then be logged.

Please circle your sharing preferences below.
Once complete please return this form to your GP practice

1.	The Summary Care Record (SCR) Used nationally across England	YES – core data only 9Ndm	NO 9Nd0	YES – include additional data set 9Ndn
2.	My Care Record Used locally across Buckinghamshire and the immediate surrounding area	YES 93C0	NO 93C1	

Thank you.
